Ohio Northern University

Ohio Northern University is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Specific credit information for programming will be elucidated in the conference materials.

Why Ambulatory Care? Why Now?

It's a very exciting time to practice pharmacy in the state of Ohio with the recent expansion of collaborative practice agreements! The American Society of Health-System Pharmacists also recently released the Ambulatory Care Self-Assessment Survey for Practitioners and Health-Systems. These two items go hand-in-hand, helping pharmacists to practice at the top of their license and obtain valuable benchmarking data to guide practice development. Come to the Ohio Ambulatory Care Summit to learn more about these topics and move your practice ahead!

Programming

Ohio Pharmacy leaders will be presenting on various topics for a total of 6.25 CE hours:

- Current and future state of Ambulatory Care Pharmacy Practice
- 1-hour Ohio Pharmacy Law CE including the new collaborative practice agreement laws and immunization requirements
- Implementation of collaborative practice agreements
- Unique billing opportunities and practice models
- Introduction to the ASHP Ambulatory Care Self-Assessment Survey for practitioners and health-systems
- Development of quality metrics and outcomes for benchmarking
- Professional leadership development

Additionally, resources will be available to assist you in completing the ASHP Ambulatory Care Self-Assessment Survey during the Summit.

Registration
